EBAY NEWS: The above vulcanite transportation token PA Munhall 675-A (Monongahela Street Railway) sold on eBay on April 13, 2015, for \$1910.85, even though the Atwood-Coffee catalog value is \$750. It is considered a census token (less than ten known). This is likely a record price for a Transportation Token from Allegheny County, Pennsylvania.

# The Donora Disaster

By Rich Bottles Jr.

The city of Donora, PA (in Washington County) celebrated its 40<sup>th</sup> Anniversary in 1941, having been incorporated in 1901. The year 1941 also marked the 25<sup>th</sup> year of operation for the Donora Zinc Works, which began operations as a branch of the American Steel & Wire Co. in 1916. Consequently, the Donora Chamber of Commerce decided to recognize both anniversaries by issuing a commemorative wooden nickel, specifically the thin flat balsa wood variety of wooden nickel which was very popular in the 1940's.

The 2 ½ by 4-inch wooden nickel prominently featured at least nine smoke stacks spewing chemicals from the city's major employer. In addition to the "ONE WOODEN NICKEL" inscriptions, the obverse also contained the words "DONORA ZINC WORKS / AMERICAN STEEL & WIRE CO. / M.M. NEALE, SUPT. / 1916 25<sup>TH</sup> ANNIVERSARY 1941."

The reverse stated "THIS CERTIFICATE is issued as a souvenir by the DONORA CHAMBER of COMMERCE for DONORA'S FORTIETH ANNIVERSARY CELEBRATION. It is redeemable in coin of the United States of America if presented on or before Friday, September 19<sup>th</sup>, 1941, at 2 P.M. at the UNION NATIONAL BANK IN DONORA. M.J. Sweeney, Burgess of Donora. G.B. Johnston, Pres. Chamber of Commerce.

But little did the celebratory citizenry of Donora realize that in just seven years, the usual hydrogen fluoride and sulfur dioxide emissions from the Donora Zinc Works would suddenly cease harmlessly floating away up into the atmosphere. An unusual temperature inversion event occurred on October 27, 1948, where warmer air aloft trapped pollution in a layer of colder air near the surface. According to Wikipedia, the pollutants in the air mixed with fog to form a thick, yellowish, acrid smog that hung over Donora for five days.

The eight doctors in town were soon making door-to-door house calls, providing oxygen and other assistance, until the American Red Cross set up an emergency treatment center in the town hall. It wasn't until Halloween Day that plant operators met with town officials and an agreement was reached to temporarily shut down the plant until the smog cleared.

The following morning, rain helped to alleviate the smog and, as agreed, the factory powered back up again. But in the meantime, the emergency claimed the lives of 20 people and approximately 800 animals.

Over sixty-five years later, the town still hasn't recovered from the ecological disaster, either economically or in its ever-dwindling population.

(Starting with Volume 23-Issue 1, an attempt is being made by PATCO members to build a list of tokens not known when the PA tome was published. We try to follow the example of Dr. Aqua, but stray from the strict standards. There are some storecards included that are not issued by pure merchants. Food Stamp tokens are not included, but we are compiling a separate list of them and need your help. Some, but not all plastic tokens, are included herein. New Independent Brewing Co. varieties are not entered into this list, but are maintained in our database. ## J&L Steel Spinner Tokens

By Rich Bottles Jr.

Earlier this year, PATCO member Bob Nolan forwarded an old print ad promoting the Jones & Laughlin Steel Corporation, which included a list of phone numbers at the bottom. This list proved quite valuable in identifying the branch office locations of numerous maverick spinner tokens issued by J&L Steel.

The spinners in question are 37mm round white metal tokens. The common reverse includes flanking horseshoe and four-leaf clover good luck symbols, along with the inscription: YOU (arrow) WIN / WITH / J & L / STEEL / STOCKS.

The obverse inscriptions of these spinners differ at the bottom, each with its own branch office phone number (represented by the x's in this description): FOR DEPENDABLE WAREHOUSE SERVICE / J & L / STEEL / CALL xxxxx / x-xxxx.

Here is a list of 7 known J&L Steel spinner tokens and their verified locations:

CALL VIRGINIA / 7-1600 (Chicago, Illinois)

CALL NASHVILLE / 5-1246 (Hopkinsville, Kentucky)

CALL WALNUT / 1-0470 (Detroit, Michigan)

CALL RAVENSWOOD / 9-8700 (Long Island City, New York)

CALL MAIN / 2323 (Cincinnati, Ohio)

CALL LANCASTER / 4-4091 (Lancaster, Pennsylvania)

CALL HEMLOCK / 1-1000 (Pittsburgh, Pennsylvania)

Note: In Herman M. Aqua's "Pennsylvania Merchant Tokens" catalog, the Detroit token is misattributed to Philadelphia. Also, the Pittsburgh token is unlisted.

In addition, please note that the ad below includes offices in Memphis, Tennessee (5-1625) and New Orleans, Louisiana (Franklin 1131). Do spinners for these offices also exist?
